Jill Poole's best-selling Casebook on Contract Law provides a clear and well-structured exposition of the principles and rules through a comprehensive selection of case law, addressing all aspects encountered on undergraduate courses. The coverage in this seventh edition has been revised to incorporate all recent significant decisions and judgments made by the House of Lords and the Court of Appeal. Extracts have been chosen from a wide range of historical and contemporary cases to illustrate the reasoning processes of the court, why decisions are made and how legal principles are developed - enabling cases to be analysed and discussed independently while, taken as a whole, the chapters provide a sound understanding of the modern law of contract. Succinct author commentary focuses the reader on the key elements within the extracts, while thought-provoking questions are posed throughout to develop more in-depth analysis. Comanion Web Site: This book is accompanied by a specifically designed companion web site which provides: DT Questions in contract law DT Guidance on answering questions DT Guidance on reading cases DT Questions and answers DT Updates
